

The Albany Area Chamber of Commerce  
"Your Business and Community Advocate"

# Advertise in the *new* Albany Area Map

## Exclusive On-line Preview

### It 's time for a new map of Albany!

We are excited to invite you to access an online preview of our printed map. The map has been developed and the layout designed, and we are now awaiting *your* sponsorship consideration before it is printed. The map is available online at [http://www.xmediapublishing.com/buyAlbanyOR\\_2008Map](http://www.xmediapublishing.com/buyAlbanyOR_2008Map). Select the button titled "Select Your Ad Position." No login is required to browse the map. This full-color map and online counterpart will be one of our most vital tools for marketing our area to new residents, businesses and area developers.

#### Distribution:

- 10,000 copies printed
- Strategically placed throughout our community
- Online counterpart more than triples your exposure

This program is brought to you by Albany Area Chamber of Commerce member [CommunityLink](#). The map you preview online will be printed and distributed to residents, visitors and relocation candidates for the next year. Once the printed map has been produced and delivered, the online version will remain available in an easily searchable format that will highlight participating businesses.

#### Advertisers can:

- Choose placement in relation to content
- Reserve and purchase ads online

The Chamber map is one of the most, if not the most, requested publication we distribute. Sponsorship positions tend to go quickly, and the spaces are limited to the first participants. Go online to reserve your space as soon as possible.

**ALBANY  
AREA**  
CHAMBER OF COMMERCE

your 2009 business and community advocate
