Healthy and Safe Delivery: This is our number one priority and we've rolled out an abundance of measures in place to protect our customers - including requiring our employees to respect social distancing guidelines, ramped-up sanitizing efforts and a requirement that we drop the order at your front door without person-to-person contact. Donate a Meal: Ever community-minded, we are also very pleased to provide an option for you to donate meals to families in need. You purchase meals on our website at a discount, and we'll deliver them to local charities and residents who are struggling.

Hello friends, we will remain open for takeout and delivery! You can order online for pick-up or delivery at [pizza-now.com](http://pizza-now.com) and by clicking 'Order Online'. Below is a brief outline as to how we are handling the virus threat. First, we're emphasizing our ongoing requirement for anyone on our team who begins to feel under-the-weather to stay home. Second, we're requiring our team to wash their hands with soap and water above and beyond standard practices as communicated from the Linn County Health Department. This includes longer washing sessions, increased frequency, and repeated sessions immediately after even a hint of contact with a potentially unclean surface. Third, we've heightened cleaning and sterilization of public surfaces, door handles, touch screens, etc. multiple times daily. Finally, anyone that would like to wait for their order in their car we will gladly bring it out to you when it's ready! Together we will get through this, and we want you to know we're doing our part. Thank you!"

“Call 541-928-8157 between the hours of 10 am and 5 pm for curbside delivery from 5 pm til 7 pm. How does curbside delivery work? We’ve made a few subtle changes. We take your payment over the phone and you choose a time to pick up your dinner. When you arrive, we quickly put your order together so it’s fresh (it only takes a couple of minutes) and drop it off while gloved up on a stand near your car.

From there, you pick it up. We use every safety precaution that we could think of to serve you. Better to do too much rather than too little. As always, we look forward to serving you!"
